------------------	---------------------------------	------------------------	-------------------------	----------------------------------	--	---------------------------------	------------

Explanation of Data: This summary table includes the unduplicated count of students earning a degree/diploma in academic programs. Summer, fall, and spring terms were combined into the respective academic year relative to when the student earned the degree/diploma. Transfer data is pulled from National Student Clearinghouse (NSC) cohort files for students enrolled in academic years 2000-01 to 2014-15. Students enrolled in a specific academic year were tracked by the NSC for three years to record if they transferred to a four-year institution within that 3-year period. The 3-year cycle for cohorts from academic years 2000-01 through 2012-13 is complete. The 2013-14 cohort should complete its 3-year cycle in March 2016, and the 2014-15 cohort's cycle will complete its 3-year cycle in March 2017. **Transfer data for students enrolled in 2014-15 was pulled from the NSC on May 5, 2015 and any transfers were graduates from either Sum2014 or Fa2014.**
