STUDENT SATISFACTION WITH STUDENT RESOURCE CENTER SURVEY RESULTS SUMMARY – FALL 2014

HCTC students enrolled in the Fall 2014 semester were asked to express their satisfaction with the HCTC Student Resource Centers (SRC). Two questions were demographic in nature: hours enrolled and the campus where the student took most of their classes. Two questions related to which campus SRC the student used most and how often. Twelve questions asked students to rate their level of satisfaction with SRC services, personnel, or equipment. The final question asked for comments concerning the instructors/tutors, materials, equipment, and ways to improve services. A copy of the survey instrument is attached to this report. The survey was sent/made available for student responses during October-November 2014.

A total of 60 HCTC students responded to the SRC survey in Fall 2014 compared to 86 responses in Spring 2014. Comparison responses for the previous Academic Resource Center survey include: 176 responses in Spring 2013, 171 responses in Spring 2012, and 277 responses in Spring 2011, 50 responses in Fall 2013, 116 responses in Fall 2012, 15 responses in Fall 2011, and 193 responses in Fall 2010. Please see the attached Survey Results report for the specific totals and percentages. An attached Excel file contains the raw data which includes student feedback for improvements. Please see the following sections for the summary, items relative to improvements, summary of the demographic responses, and a summary table for SRC services, personnel, or equipment. The final page of this document provides the codebook for the raw data.

SUMMARY

The majority of the survey respondents were full-time students who attend most of their classes at the Hazard Campus and used the Hazard SRC. Fifty-two percent of the respondents (n=31) indicated that they came to the SRC for test proctoring, 23% came for science tutoring (n=14), 40% came for math tutoring (n=24), 23% came for writing tutoring (n=14); and 30% came for computer course tutoring (n=18). Respondents indicated that they visited the SRC to receive assistance with: 23% = Blackboard (n=14); 16% = Email (n=10); 13% = Account Set-Up (n=8); 27% = Student Self-Service (n=17); 6% = SAP Appeal Letter and/or Forms (n=4); 27% = FAFSA (n=17); 29% = Did not visit SRC (n=18); 18% = Other (n=11). Satisfaction ranged from 92-100% with Math tutoring receiving the lowest percentage for these SRC services. Overall, 96% of respondents were satisfied with SRC services.

Relative to Improvements

- the Lees College Campus SRC needs more tutors
- consider offering test proctoring on Fridays and Saturdays for online students who work full-time
- informing student body that this service exists
