11. What recommendations for improvement could you offer for HCTC's Performing Arts Education Series?

- I thought it was wonderful, however the sound during the play was lacking a little and hard to understand the actors. Everyone really enjoyed!
- No recommendations for improvement...everything was organized and done in a timely manner and the program was very entertaining and educational...my students loved it and learned alot about the elements of drama. Please continue to offer the school matinees at this very affordable price. In addition, thank you so much for the Travel Subsidy grant...without that, our students or our school would not be able to afford the travel cost.
- None!!!!!!!!!!!! Everything was soooo smooth and easy, all the way from parking the bus to going back home.
- I liked the play!!!!!!!!!!!!
- thank you
- I liked the play very much.
- I would like to say that you are very good at what you do and thank you!
- I loved the play. It was the best play I have been to.
- i loved the play
- Just keep programs like this coming. Our students love performing in them and watching the performances.
- Nothing it was perfect.
- YOU should really have popcorn there for the plays :)
- I think it was an excellent show but I would have been much happier with less profanity.
- 1.)Any chance you could offer something Halloween related in October next year? I'd rather keep our money closer to home when we can. We went to the MAC as well this month to watch Dracula, but it cost a fortune for 4 busses plus admission. My students loved both plays, but honestly, if they had to pick prior to watching them, they would have chosen Dracula because it was sort of scary. 2.)On other note, when we take classes to the MAC, prior to the show they recognize each school that is there and give them a chance to 'make some noise.' My kids love this. I didn't know if you have ever considered that for school matinees at the Forum? Just a thought. 3.) Another thing you might consider is making intermission a little longer. Even with the performing together. The kids have to be rushing a quick bus possible. Give schools with the opportunity to be shown continue to the arts. We certainly appreciate the travel subsidies. Our continued cutbacks are making field trips so difficult. Thank you!
