11. What recommendations for improvement could you offer for HCTC's Performing Arts Education Series?

- Of the Missoula Children's Theatre shows we have attended this one was my least favorite. Too much going on in the story, couldn't hear very well and the view from the back was poor. The kids had a hard time following along with the story and some gave up.
- My recommendation is to continue offering plays for our students as it provides us with a chance to see live theatrical performances that we would have to travel long distances to see otherwise. Thank you so very much for offering local students these great experiences!
- You've spoiled us with transportation costs. I missed that this time. Otherwise, keep up the great work. My students always love anything we attend that is provided by your organization. :)
- No suggestions. The Missoula Workshops were wonderful.
- I have observed that over the course of constructing a relationship with real estate homeowners, you'll be able to get them to understand that, in each and every real estate financial transaction, a commission rate is paid. In the end, FSBO sellers tend not to save the payment. Rather, they struggle to earn the commission by doing an agent's occupation. In doing so, they commit their money and time to perform, as best they're able to, the assignments of an broker. Those duties include exposing the home by means of marketing, showing the home to prospective buyers, building a sense of buyer desperation in order to make prompt an offer, scheduling home inspections, handling qualification inspections with the mortgage lender, supervising maintenance, and facilitating the closing.
- The program was perfect, I have never seen these two groups of students so focused on any project. They truly enjoyed the program. Thank you for the opportunity to have Mr Mirabal at our school.
