**HCTC TECHNOLOGY SOLUTIONS
EMPLOYEE SATISFACTION WITH TECHNICIAN SURVEY
RESULTS SUMMARY – FALL 2012**

HCTC employees who submitted a HelpDesk Ticket in the Fall 2012 term were asked to respond to a 7-question Technician survey. A copy of the survey instrument is attached to this report. Five questions asked for a level of agreement and two questions were open-ended. The survey was conducted throughout the fall term and a total of 25 responses were received compared to 117 responses received for Spring 2012, 33 responses received for Spring 2011, 174 responses received for Fall 2010, and 54 responses received in Spring 2010 (the survey was not administered in Fall 2011).

Please see the attached Survey Results report for the specific totals and percentages. An attached Excel file contains the raw data which includes feedback for the open-ended questions. Please see the following summary statement, comments related to improvement, and summary table. The final page of this document provides the codebook for the raw data.

SUMMARY STATEMENT

Overall, 100% of employees who responded to the survey are satisfied with the services provided by the technician. Many positive comments were received about the technicians.

It is recommended that the Technology Solutions unit develop strategies to improve the survey response rate since this is the lowest it has ever been since the survey began in Spring 2010.
