Explanation of Data: This summary table includes the unduplicated count of students earning a degree/diploma in academic program and spring terms were combined into the respective academic year relative to when the student earned the degree/diploma. The National Student Clearinghouse (NSC) cohort files for students enrolled in academic years 2000-01 to 2012-13. Students enrolled in each year were tracked by the NSC for three years to record if they transferred to a four-year institution within that 3-year period. The data from academic years 2000-01 through 2010-11 is complete. The 2011-12 cohort should complete its 3-year cycle in March 2014 and the 2012-13 cohort's cycle will complete its 3-year cycle in March 2015. Transfer data for students enrolled in 2012-13 was pulled from the NSC. No any transfers were graduates from either Sum2012 or Fa2012.
