**HCTC TRANSITIONAL EDUCATION COURSE EXIT STUDENT SATISFACTION SURVEY  
RESULTS SUMMARY – FALL 2010**

At the end of the Fall 2010 term, students enrolled in a developmental English, developmental Reading, and developmental Mathematics course were asked to express their level of satisfaction with the developmental course. Gender, age, and enrollment status was also collected on responders. A copy of the survey instrument is attached to this report.

A total of 281 responses were recorded for the survey. Since the QEP Director desired to see course by course results, the students were asked to indicate the course for which they were providing a response. The Survey Results report is attached listing the overall totals and percentages for all classes. An Excel file is attached which contains the course-by-course results, as well as the responses to the three open-ended questions. Below, please see the summary statement, courses offered survey, demographics, a summary table for all courses, as well as summary tables for English courses, for Reading courses, and for Mathematics courses. The final page of this document provides the codebook for the raw data.

SUMMARY STATEMENT

Overall, students enrolled in developmental courses were satisfied with the courses.

COURSES OFFERED SURVEY

English = 13 (no results are available for 2 of the 13 courses) = 77 respondents  
Reading = 10 (no results are available for 1 of the 10 courses) = 37 respondents  
Mathematics = 29 (no results are available for 2 of the 29 courses) = 167 respondents
