## Hazard Community & Technical College Mission Statement (Review)

### **Background:**

KCTCS Board of Regents policy and accreditation criteria require that each college's mission statement be periodically reviewed and approved by the governing board, and the KCTCS Board of Regents. The college mission statement is to be consistent with state statutes, the Council on Postsecondary Education's strategic agenda and the KCTCS mission.

The Hazard Community and Technical College's mission statement has been reviewed extensively by faculty and staff, beginning with a college Mission Task Team (appointed August 30, 2011) reviewing the mission, vision and goals of the college. The college Mission Task Team recommended that the mission statement remain as is, with changes to the vision and goals. Further review was requested September 12, 2011 via email to all college employees (faculty, staff, and administration). On December 8<sup>th</sup>, 2011, the college's leadership team reviewed and recommended no changes to the mission statement and approved changes to the vision and goals. The **mission statement with no changes**, along with vision and goal changes was endorsed by the Hazard Community and Technical College Faculty on December 9, 2011.

### **Recommendation:**

Upon review by the Directors it is recommended that Hazard Community and Technical College **mission statement remain as written** (Approved by KCTCS Board of Regents September 26, 2008) effective this 16<sup>th</sup> day of February 2012 by the Hazard Community & Technical College Board of Directors.
