HOW MUCH YOU LEARN WILL BE ENTIRELY UP TO YOU. YOU WILL BE GIVEN THE OPPORTUNITY ---- YOU MUST TAKE ADVANTAGE OF IT YOURSELF. THE
PLANNED INSTRUCTION WILL CONSIST OF CLASSES, DEMONSTRATIONS AND OTHER LEARNING EXPERIENCES THROUGHOUT THE PROGRAM.
INFORMAL LEARNING WILL GO ON CONSTANTLY, LARGELY TO THE EXTENT OF YOUR PARTICIPATION, LEARNING IS AN ACTIVE PROCESS AND YOU CANNOT ACQUIRE IT IF YOU PLAY A PASSIVE ROLE.

Grading Policy/Scale
Course Evaluation will consist of two areas with each area worth 100 points. The final grade of each area will be averaged together to render the final grade for the course. The areas and an explanation of each are as follows:

1. Attendance – Attendance is 75% of your grade for this course. You are allowed one unexcused absence; each additional unexcused absence will lower a 100% attendance grade by 10 points. For example, five unexcused absences resulting in an attendance grade of 50%. An excused absence is death in the immediate family, hospital stay, doctor’s excuse, related cooperative experience that is pre-approved by the instructor and pre-approved absence by the instructor. Repeated tardiness could result in an unexcused absence.
If the need for an absence arises the instructor should be notified whenever possible before the impending absence.

2. Assignments & Quizzes* – Assignments, quizzes and/or class participation and involvement are 25% of your grade for this course. The points for Assignment & Quizzes will be determined by the number of Assignment & Quizzes divided into 100. For example: if 5 Assignment & Quizzes were assigned each would be worth 20 points each, 5 x 20=100. The points for assignments are based on completion of each assignment.

* Assignment & Quizzes may also include but are not limited to, text review questions, class handouts, homework, lab and lecture projects, and hand tools for lab work.

Notebook – Bonus points will be given toward the final grade for a portfolio that should be kept in a three ring binder in a neat and orderly fashion. Tabs should be used to separate the areas of the portfolio into: different classes, classroom handouts, lecture notes, lab journal, and assignments.
