

ASSOCIATE IN FINE ARTS

Associate in Fine Arts Degree Program

The Associate in Fine Arts (AFA) in Visual Art degree program is designed for students who plan to transfer to a four-year institution in order to pursue a BFA in the Visual Arts and/or a career in arts-related areas requiring pre-professional credentials. The program includes general education requirements, visual arts foundation courses in drawing, design and art history, and a wide variety of studio art electives.

Students will focus on the development of artistic skills and a visual vocabulary for personal expression while exploring both traditional and nontraditional art areas.

Classes will also encourage analytical and creative problem solving skills and experience in both verbal presentation of ideas and critical concepts. A personal portfolio of artwork will be a tangible result of a student completing this program.

Transfer and How it Works

An Associate in Fine Arts (AFA) degree is designed to transfer into a Baccalaureate of Fine Arts (BFA) program at a four-year institution. It consists of a general education requirement of 24 credit hours, a fine arts core of 18 credit hours, and 18 additional credit hours of concentration for a 60 credit hour minimum.

For additional information on transferring to Kentucky schools, visit the website knowhow2transfer.org.
