

**Hazard Community & Technical College/
Southeast Kentucky Community & Technical College
Regional Radiography Program #0416**

Program Effectiveness Data:

- **Program Completion Rate** (calculated annually): The number of students who complete the program within a cohort compared to the number who enrolled in the cohort initially.

Year	Percentage Completion
2008	90.9%
2009	83%
2010	87%
2011	75%
2012	85% Program admitted 20 students Fall 2010 - Graduated 17 Spring 2012
<u>5-Year Average</u>	83.3%

- **Credentialing Examination Pass Rate** (five-year average): The number of graduates who pass the American Registry of Radiologic Technology (ARRT) or an unrestricted state licensing examination compared with the number of graduates who take the examination with six months of graduation.

Year	Number of Students	Percent Rate 1 st Attempt
2009	15 of 19 passed 1 st attempt	78%
2010	19 of 20 passed 1 st attempt	95%
2011	17 of 18 passed 1 st attempt	94%
2012	14 of 17 passed 1 st attempt	82%
2013	7 of 10 passed 1 st attempt	70%
<u>5-Year Average – 1st Attempt Pass Rate</u>		84%

- **Job Placement Rate** – 2008 through 2012 (five-year average): The number of graduates employed in the radiologic sciences, within six months of graduation, compared to the number of graduates actively seeking employment in the radiologic sciences.

This reflects the number of the HCTC/SKCTC Regional Radiography Program students that gained employment in the radiologic science with six months of graduation verses the numbers that graduated and were actively seeking employment. This figure reflects an average over a five year span. The program Job Placement Rate has an average from the years 2008 through 2012 of 80%. Of the 95 Regional Radiography graduates 76 obtained employment in the radiologic sciences within six months of graduation. This data is based on the Technical Education Database System (TEDS) Graduate Surveys.
